SUMMARY

Frontend Developer with 2.5 years of experience in React, Angular also having basic knowledge of Node js. Recognized for top performance in React, with expertise in Cypress and unit testing. Proven ability to deliver high-quality solutions in fast-paced, collaborative environments.

EXPERIENCE

Software Engineer (SEII)

Logiciel Solutions

📅 2022 - Present   📍 Ludhiana Punjab, 141007

- Integrated third-party services into applications, ensuring smooth functionality.
- Write automation tests to improve reliability.
- Led all frontend development as the primary React and Angular developer on the team.
- Collaborated with backend teams to ensure successful integrations
- Conducted code reviews and optimized performance for better user experience
- Deployed both React and Angular applications to servers, ensuring smooth releases and optimal performance

Associate Software Engineer

Logiciel Solutions

📅 01/2023 - 04/2024

- Conducted comprehensive code reviews for team members, ensuring best practices and improving code quality
- Resolved issues with third-party plugins and integrated them seamlessly into applications
- Wrote robust unit test cases for React components, enhancing test coverage and product stability
- Mentored developers, providing support to resolve issues and enhance their skills.

Software Engineer Intern

Logiciel Solutions

📅 07/2022 - 01/2023

- Led the migration of key Angular modules to React, ensuring seamless integration and improving maintainability.
- Designed and implemented highly reusable React components, significantly enhancing the scalability and efficiency of the codebase
- Conducted thorough R&D on component optimization techniques, resulting in performance improvements and reduced error rates.
- Provided innovative solutions during the development of new screens, actively contributing to the design and architecture of complex UI components.
- Gained hands-on experience in advanced error handling strategies, improving the robustness and reliability of React applications

SKILLS

Frameworks

React, Angular, Express

Languages

HTML, CSS, Javascript, NodeJS

IDE

VS Code, Github, Postman, Docker, MySQL

Integration Database

RESTFUL API, Firebase, SQL, MongoDB

State Management

Redux, Custom Hooks

Testing

Unit Testing, Integration Testing(Cypress, Bruno)

PROJECTS

Leap (Formerly JobProgress)

📅 2022 - Present

🔗 https://www.jobprogress.com/app/#/

LEAP, a SAAS app for real estate/construction business, is an all-in-one cloud based contractor's business platform.

KEY ACHIEVEMENTS

🏅 **Top Performer in React Project**

Certified as the Best React Performer in the Team for outstanding contributions and superior performance in React development.

⚛️ **React JS Certificates**

Certified by GUVI Geek Networks and IITM Research Park
https://www.guvi.in/verify-certificate?id=CqBnY6252m1256Q8M1&course=reactJs

EDUCATION

Bachelor of Computer Application

I.K. Gujral Punjab Technical University

📅 2017 - 2020   📍 Jalandhar, Punjab
